

Chair's address

A few introductory remarks before we start. First of all I would like to welcome Alasdair MacLeod and Julie Coyle from Forsa Energy to our meeting tonight. They will give a presentation of about 15 minutes which will address the key issues in relation to the new planning application for Druim Leathann. I would also like to welcome Morag Ferguson from Comhairle nan Eilean Siar's Planning Service who is here to answer questions you may have in relation to Planning.

Following the presentation, members of the audience will be invited to ask questions, through the Chair. If you wish to ask a question, put your hand up and state your name and we'll get through this in an orderly manner.

Thank you
