Consultants:

Tony Robson and Alasdair Nicolson

Apologies:

Alex John Murray, Margaret Ralston and Joanne Dixon
Coast Guard, Community Police Officer and Fire Officer

Declaration of Interest:

None

Minutes of Previous Meeting:

Approved

Due to the attendance of Murdo McLeod and D J MacSween Emergency Access Route was discussed.

Discussions took place re the emergency access route. Tony explained he had contacted the planning office and had been advised to submit planning for Agricultural track and footpath. This planning application would be to a higher specification to allow emergency vehicles accessibility.

It was also pointed out that this new path would benefit if food and heating were required.

Murdo MacLeod stated that he would be happy to support and help this emergency path.

It was also noted that a resilience strategy was being looked at by Cnes.

The meeting decided to side with the recent public meeting regarding the emergency access route and agree for Tony Robson to begin the process of submitting an application for emergency access path.

Due to the process for planning application and the time it takes, it would be finally confirmed at the next meeting of PCC. It was also advised there would be a cost of approximately £2,000.

Murdo McLeod and D J McSween left the meeting.

Treasurers Report:

None

Playparks:

All good

Action Plan:

1. Constitution: send to all committee members to be approved at next meeting.
2. Resilience Plans: to be discussed and possible assigned for action at next meeting.
